1960 Beechcraft M35 Bonanza

CLEAN EXCELLENT PAINT & GLASS

3800 tt, 1100 smoh, 20 spoh, good int, Stec 30, coupled to IFR gps, great mx, nice flying airplane and the fastest M35 I've ever seen, 165 kts at 8500. **\$51,000**

Engine is currently being reinstalled following a complete teardown and repair due to a small crack in the case. Case was replaced, all cyls were overhauled, new rings, new rod and main brgs installed. All lifters and the cam were inspected. Brand new exhaust stacks installed, fuel pump overhauled, and new engine lord mounts installed.

This engine should easily make 2000 hrs and more.

Avionics

- Apollo GX-55 IFR Enroute Certified GPS
- Midcontinent MD40-44 Annunciator/CDI
- STEC 30 Autopilot; GPS, NAV, ILS coupled
- Altitude, HDG, Course Slave (a life saver!)
- King KX155 Nav1/Comm1; KI-209 Indicator
- King KX170 Nav2/Comm2 w KI-201 indicator
- KT-78 Transponder with Mode C
